Added my sentences, updated header & makefile

In order to build and run, had to fix the following:

- commented out cmm9r2's sentence references in story.c & makefile due to error in sentence/cmm9r2.c
- removed invalid text in story.c caused from an unresolved merge conflict
- removed wjbz82's dependencies from makefile due missing sentences/wjbz82.c file

```
Makefile          |     11 +++++-----
